# Welcome to the QParents Portal

## Introduction: about the QParents Portal

QParents is a secure web and mobile application that allows parents\* of Queensland state school students to access information about their child and to communicate directly with their school.

QParents provides you with secure, online access to information such as:

- attendance details
- behaviour
- report cards and assessment
- timetables
- invoices
- payments
- upcoming events
- enrolment history
- student photo

You are also able to update your child's details including address and medical conditions, submit reasons for unexplained absences, notify the school of future absences, and make online payments against school invoices.

QParents is not intended to replace the traditional ways you and your child's school communicate - it simply provides another option.

## Online security

QParents is a secure portal that meets industry security standards. It utilises a range of security measures to ensure that the integrity of the student data is maintained.

Only QParents account holders and their authorised delegates can access student information.

If you do not want to register for QParents, the account will not be activated and your child's information will not be made available through QParents.

\*For the purposes of this user guide, the term 'parent' refers to a parent, a guardian or a carer.

## About this guide

This guide has been created to assist parents with the registration process and use of QParents.

We've included easy-to-follow instructions with illustrations of each of the screens you will see when using QParents.

Over the following pages you will learn how to:

- access QParents
- register with QParents
- log in to QParents
- add a student to your account
- view and edit your child's contact information
- view and edit student medical details
- view your child's upcoming events
- view and edit your account details
- view a student's enrolment history
- view attendance information
- provide a reason for an absence
- inform your school of a future absence
- view and print a student's academic report
- view and print a student's timetable
- view behaviour information
- view past and current payment information
- send an email to your school
- add a Delegated Viewer to your QParents account
- update a Delegated Viewer's details
- reset your password

We hope you enjoy using QParents.

## Help and support

If you require more information about QParents, help with using QParents, or would like to express interest in using QParents at your child's school, please:

- visit the [QParents help page](https://qparents.qld.edu.au/#/help) online at: <https://qparents.qld.edu.au/#/help>
- call 13 QGOV (13 74 68)

OR

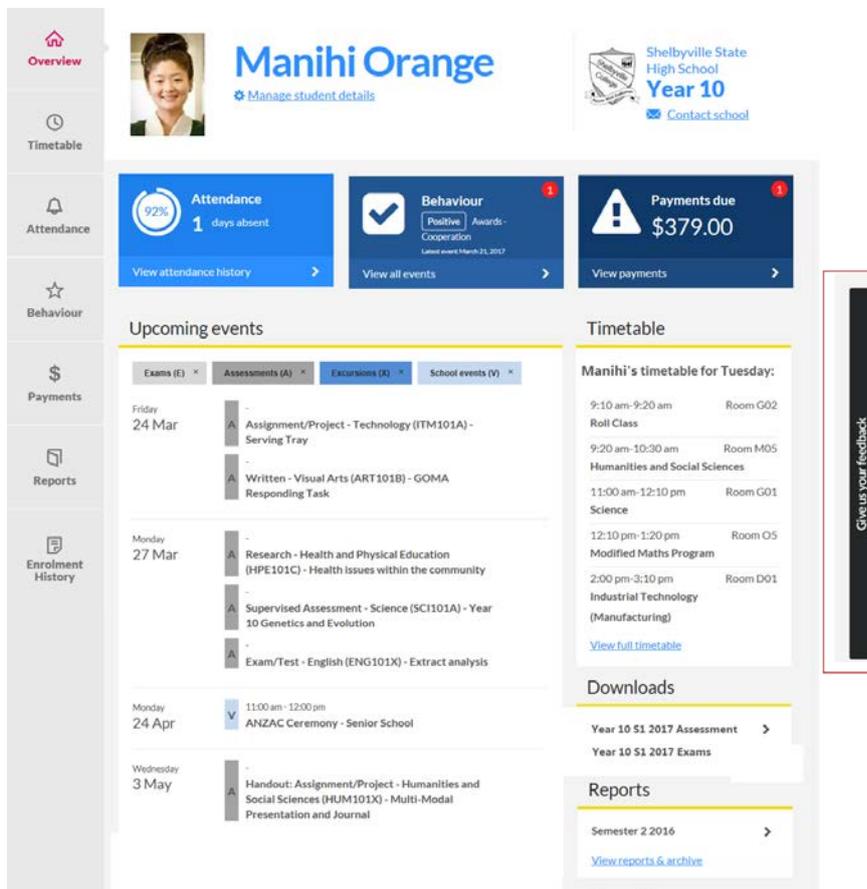

- Let us know using the 'Give us your feedback' tab available on all pages of the QParents portal (see [How to provide feedback in QParents](#) )

Please note that QParents support cannot give out private information such as student EQID numbers or parent invitation codes. If you have misplaced or are unable to find your student's EQID or your unique QParents invitation code you will need to contact your school directly for this information.

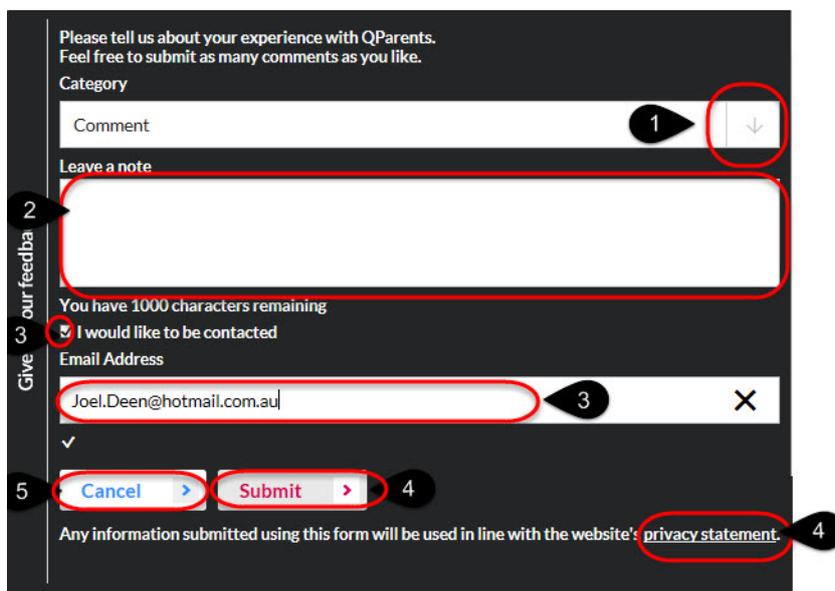

# How to provide feedback in QParents

QParents provides the ability to submit feedback on your experience. The feedback functionality is available from any QParents screen including the login page. To leave feedback:

Click on the **Give us your feedback** tab, located on the right hand side of every QParents page.

The Feedback screen is displayed.

1. Click on the down arrow and select the appropriate category option that describes your feedback. The options are:
  - Comment
  - Complaint
  - Expression of interest
  - Feature request
  - Technical Issue
2. Enter the comment you wish to leave.
3. If you would like a member of the QParents support team to contact you regarding your feedback, please click on the checkbox. A  will be displayed if you have selected this option, and your QParents registered email address is displayed by default. If this is not the address you would like the support team to contact you on, delete the email address and enter the appropriate email address. This does not update your email address in QParents, it is only for the purpose of a response to your feedback.

If you do not wish to receive a response to your feedback, ensure that the **I would like to be contacted** box  is unticked.

If your feedback is related to a technical issue please be sure to provide as much contact information and details about your issue as you can, in order for QParents Support to assist you with your issue, such as your name, contact number, email address and the school your students attend.

4. If you wish to view the privacy statement, click on the **Privacy Statement** link. Click on the **Submit** button to send your feedback to the QParents Support Team. All feedback submitted will be used as per the Queensland Government Privacy Statement. A new screen will appear. You can either click the **Close** button to close the feedback form, or click the **Add another** button to repeat the feedback process again.
5. If you do not wish to submit your feedback, click the **Cancel** button.

# Getting started with QParents

## How to access QParents

You will only be able to register for a QParents account if your child's school signs up to QParents. Once the school has launched the QParents program, parents or caregivers will then be nominated by the school as QParents Account Owners (QPAOs) for access to student information. The nominated Account Owners will then need to register with QParents to access this information.

As part of this nomination, your school will supply an invitation code that is required for the registration process. If the school is already aware of the nominated parent's email address, the nomination will be emailed. If not, the nomination will be sent to the parent via letter.

The nominated parent will then need to register with QParents to access the child's information.

## Ways to access QParents

To access QParents, navigate to: <https://qparents.qld.edu.au>

*Tip: Once you have registered your account, bookmark the QParents page in your web browser so you can quickly find your way there next time.*

You can access QParents using a:

- smartphone (through a mobile browser), or by downloading the QParents app from [iTunes](#) or [Google Play](#). Search for 'QParents'.
- tablet
- personal computer

## How to register with QParents

Before you can access QParents you will need to register and create an account.

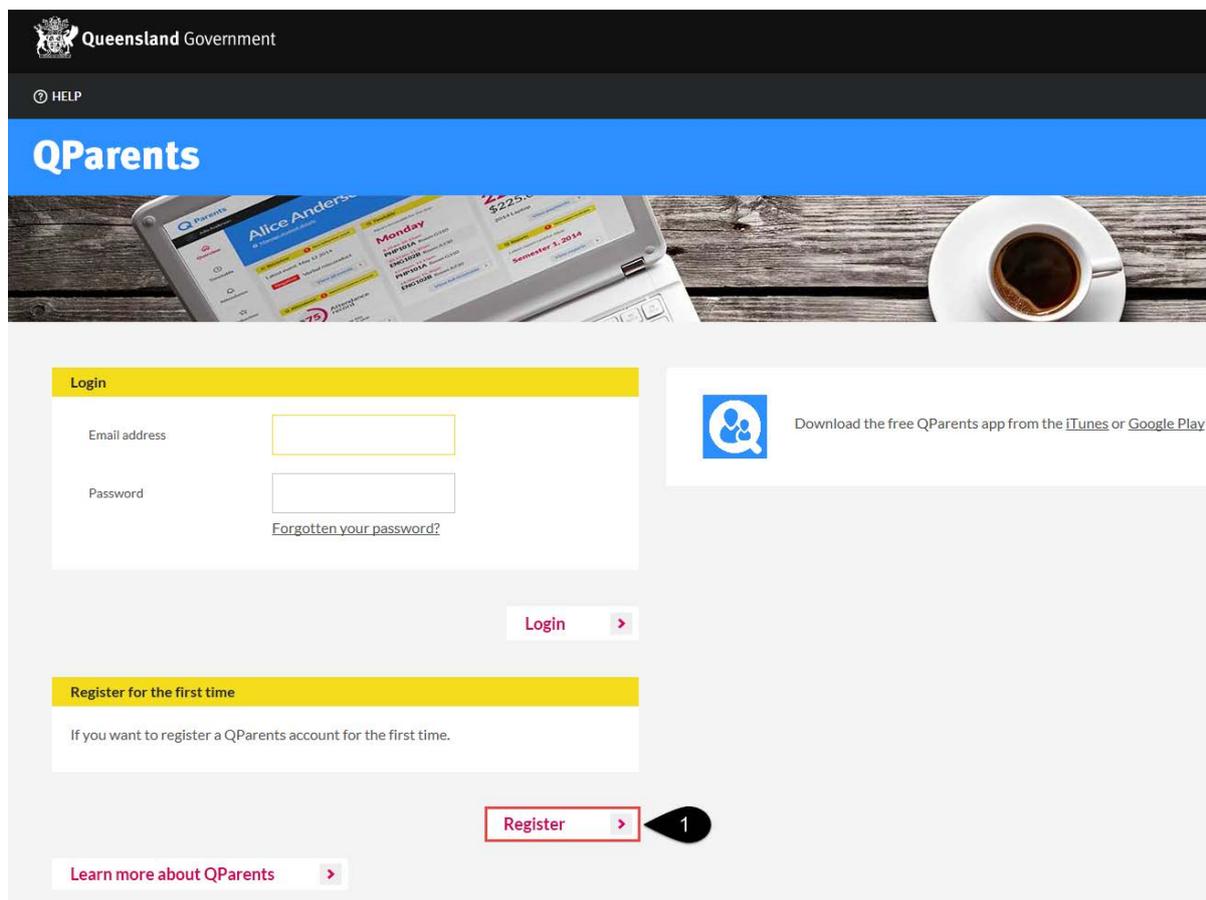

Progress during the registration process cannot be saved and further identity documents cannot be verified online once your registration is complete. Please make sure you have all relevant information and supporting documents needed on hand before you begin. These include:

- your unique invitation code sent to you by the school (either by email or letter)
- your student's EQID number
- 100 points of identity documentation. If you cannot verify 100 points of identity documentation online, you can still register for QParents, but you will need to present additional documentation at your school after you have registered. (For more details about documents required, see **Registration Step 2. Verify your identify**)
- A valid email address (that you check regularly). Please note that only one QParents account may be created per email address. If you share an email address with another parent and both wish to register, you will need separate email addresses for each account.
- Your mobile phone number. QParents may use this number to send SMS validation codes in the case of unusual account activity, such as logging in from a new location or device. If you

are unable to receive SMS messages due to your location or mobile phone coverage, you may leave your mobile phone details blank upon registration, or let QParents Support know that you are not receiving your code (see Help and contact info).

Please note that you cannot complete your initial registration using the QParents mobile app, only the browser version of QParents. For best results we recommend completing registration using a PC rather than a mobile device.

To register, go to the QParents login page at <https://qparents.qld.edu.au>.

Download the free QParents app from the [iTunes](#) or [Google Play](#)

1. Select the **Register** button.

If you have received an invitation code from your student's school, complete the **School Invitation Code Registration**.

If you have received an invitation via email to become a Delegated Viewer for a student, complete the **Delegated Viewer Registration**.

## QParents Account Owner - Invitation Code Registration

Registration Step 1. Enter the invitation code

Your invitation code was sent to you by your child's school. This code is unique to you and you will need to enter it as part of the registration process. If you have lost your invitation code, please contact the school administration and they will resend your invitation.

## Enter your invitation code

The screenshot shows a form titled "Invitation code" with a yellow header. Below the header, it says "Please enter your unique QParents invitation code." There is a text input field with a cursor, a "What is this?" link below it, and a "Next" button to the right. At the bottom, there are "Cancel" and "Next" buttons. Numbered callouts (2, 3, 4) point to the input field, the "Next" button, and the "Cancel" button respectively.

2. Enter the **Invitation code**
3. Select the **Next** button.
4. If you wish to cancel the registration process, select the **Cancel** button.

The screenshot shows a form titled "Privacy and T&Cs" with a yellow header. It contains sections for "Privacy Statement" and "QParents Terms & Conditions". Under "Privacy Statement", there is a checkbox labeled "Read and understood" with a "5" callout. Under "QParents Terms & Conditions", there is a checkbox labeled "Accept Terms and Conditions" with a "6" callout. At the bottom, there are "Decline" and "Accept" buttons with "7" and "8" callouts respectively. A "NOTE" section at the bottom states: "You must check the boxes above to indicate you understand and accept both the Privacy Statement and the QParents Terms and Conditions before you can continue."

5. Please read the Privacy Statement and then click in the **Read and understood** checkbox. A  will appear
6. Please read the QPAO Terms and Conditions, and when you are ready to proceed with the registration, click on the **Accept Terms and Conditions** checkbox. A  will appear.
7. To cancel the registration process, select the **Decline** button.
8. Select the **Accept** button to continue the registration process.

## Registration Step 2. Verify your identify

After selecting the Accept button, you are required to verify your identity:

The screenshot shows a web form titled "Verify your identity". At the top, there is a yellow header bar with the text "Invitation code". Below this, the form displays the message: "This invitation code is registered to Jane Orange. If this is not you, you must NOT proceed with the registration process." There are two questions: "Is this you?" with radio buttons for "Yes" (selected) and "No", and "Do you have a QParents login?" with radio buttons for "Yes" and "No" (selected). At the bottom, there are two buttons: "Cancel" and "Verify identity".

1. Name: Please check that the name associated with the invitation code you have entered is your name, then select the **Yes** option. If the name is not your name, please select **No**. This will end the registration process.
2. QParents Account status: If you have not previously registered for a QParents account, select **No**.  
NOTE: If you already have a QParents account and you are adding a student using a new invitation code, select **Yes**. You will be asked to enter your login details to continue (see **Step 2: Add a student to your account**)
3. If you are registering for the first time, click **Verify identity** to continue

If you would like to cease the registration process, please select the **Cancel** button. You can start the registration process again at any time; however you may not save progress and if you decide to register at a later time you will need to start from the beginning . For this reason we recommend having all relevant information and documents on hand before beginning registration.

The next step requires you to complete a 100 point identification check. To complete registration online, you will need to verify 100 points of identity from a combination of the following identity documents:

- Australian driver licence (50 points)
- Australian passport (50 points)
- Australian birth certificate (50 points)
- Australian marriage certificate (40 points)
- Australian citizenship certificate (40 points)
- Australian change of name certificate (40 points)
- Medicare card (20 points)
- Australian visa (foreign passport) (20 points)

If you cannot verify 100 points of ID online, you may still register for QParents (see [Don't have 100 points of ID?](#)). However, you will need to present documentation at the school after completing your registration.

4. Select an identity document from **Section 1**.
5. **Section 2** will then ask you to provide information regarding the document you selected in section 1. You will be required to repeat this process, until you have verified 100 points of identity. For assistance entering document details, click on the next to each document name.

## Verify your identity

To verify your legal identity, you will need to provide 100 points of ID using a combination of identity document types from the list below.

**100% VERIFIED**

**1** Select which sources of identification you wish to use from the list below. [TELL ME MORE](#)

**2** Start entering the details below. Click 'Submit Details' after each source is entered.

<input checked="" type="checkbox"/> Australian Birth Certificate (50 points) ?	
<input checked="" type="checkbox"/> Australian Marriage Certificate (40 points) ?	
<input checked="" type="checkbox"/> Australian Change of Name Certificate (40 points) ?	

6. Once you have completed the 100 points verification, select the **Finish** button.

Continue to [Registration Step 3. Create your account.](#)

Don't have 100 points of ID?

If you can't verify 100 points of identity documents, you can still register online for QParents however you will need to present the rest of your documentation at the school after completing your registration.

To register with less than 100 points of identification:

## Verify your identity

To verify your legal identity, you will need to provide 100 points of ID using a combination of identity document types from the list below.

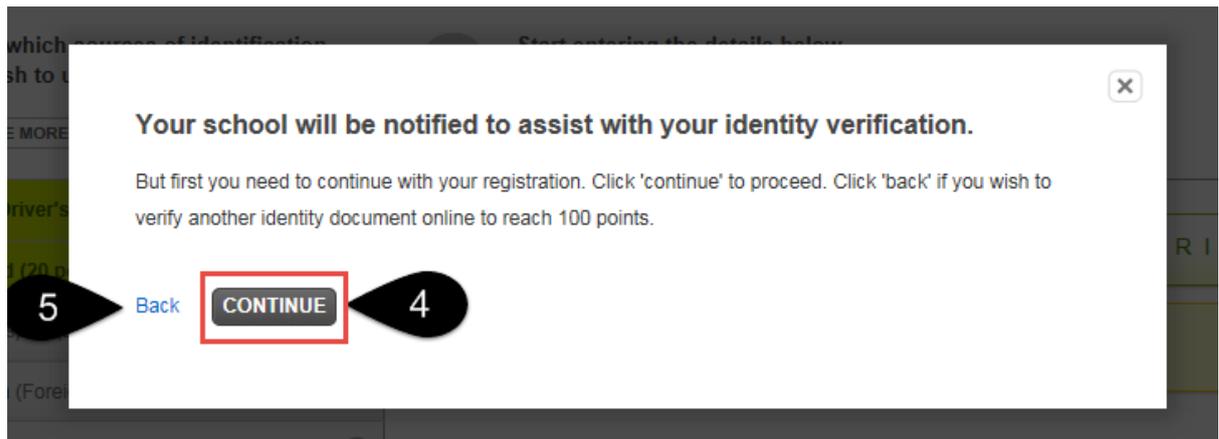

The screenshot shows a progress bar at the top right indicating '20% VERIFIED'. Below it, two numbered instructions are provided: '1 Select which sources of identification you wish to use from the list below.' with a 'TELL ME MORE' button, and '2 Start entering the details below. Click 'Submit Details' after each source is entered.' The main interface features a list of ID sources on the left, including 'Driver's Licence (50 points)', 'Medicare Card (20 points)', 'Australian Passport (50 points)', 'Australian Visa (Foreign Passport) (20 points)', 'Australian Citizenship Certificate (40 points)', 'Australian Birth Certificate (50 points)', 'Australian Marriage Certificate (40 points)', and 'Australian Change of Name Certificate (40 points)'. The 'Medicare Card (20 points)' is selected and highlighted in green, with a 'VERIFIED' status. A yellow box on the right contains a message: 'Please select a source from the list on the left'. At the bottom left, a red-bordered box highlights a warning message: 'Having trouble completing your verification?' with a 'NOT ENOUGH ID?' button and a callout bubble containing the number '2'.

greenID by VERIFY

1. Verify any documents you are able to as per [Registration Step 2. Verify your identity](#).
2. Click the **NOT ENOUGH ID?** Button at the bottom left of the screen.

This is a close-up of the warning box mentioned in step 2. It features a red triangle icon and the text 'Having trouble completing your verification?'. Below this, it says 'Not enough ID?' and 'You can continue your registration, but you will need to attend your school for an additional check later.' A callout bubble with the number '3' points to a right-pointing arrow button on the right side of the box, which is highlighted with a red border.

3. Click on the arrow to continue.

4. Click **CONTINUE** to proceed with the QParents registration process and continue to [Registration Step 3. Create your account](#). An email will be sent to you outlining the identity documentation you will need to present at your child's school.
5. Click **Back** if you want to try to verify another identity document online in order to reach 100 points. You cannot add documents once your registration is complete, so if you think you may have enough to reach 100 points please try to have all documents on hand before you begin.

If you have any questions or require assistance, please contact QParents support (see **Help and support**)

### Registration Step 3. Create your account

The final step is to create your QParents account by nominating an email address to be used as your username, a password and a mobile phone number.

1. Enter a valid email address, password and mobile number for your account. Please double check that you have entered the correct mobile number before submitting

The email address and mobile phone number may be used from time to time to allow QParents to send you relevant messages. This information will not be available to any of your

student's schools. Passwords must be at least 8 characters long and contain one of the following special characters: ! ? @ # \$ % ^ & \* - + = : ; , .

2. Click **Submit**.
3. If you wish to Cancel your registration, this is the last chance to do so before your account is created. Click **Cancel** to go back.

An email will be sent to the nominated email address to allow you to confirm that that email address is valid. Follow the information that is provided in the email to finalise the registration process by confirming the email address. This confirmation is only valid for 30 days from the date it is issued. After 30 days, if the account is not validated you will need to re-register. When you next log in, use your registered email address and the password you have selected.

Once you have completed this step your account is created. You should now continue on to *Add a student* (see [Step 1: My students page](#) and [Step 2: Add a student to your account](#)). Student access cannot be approved by the school until students are added to your account.

You can select the **Cancel** button to cancel the registration process. You will need to start the registration process again from the section [How to register with QParents](#) if you decide not to create a QParents account.

## Delegated Viewer Registration

A QParents Account Owner has invited you to become a Delegated Viewer of a Student's information, and you have been notified via email. Please read the instructions on the email.

### Registration Step 1. Activate link

**QParents Invitation**

Dear William

Jane Orange has invited you to become a QParents Delegated Viewer. This gives you access to view Manihi Orange's student information in QParents.

The process to accept this invitation will be slightly different depending on whether you already have a QParents account (see below).

[Click here to accept your invitation](#)

1. Click on the link supplied within the email to start the registration process. The QParents application will be displayed in your internet browser.

## Registration Step 2. Verify your identity

Please check that the name associated with the invitation code you have entered is your name.

1. Select the **Yes** option. If the name displayed is not your name, please select **No**. This will end the registration process.
2. Click **Continue**

If you would like to cease the registration process, please select the **Cancel** button. You can start the registration process again at any time; however you will need to start from the beginning of the process.

If you have any questions or require some assistance, please contact 13 QGOV (13 7468).

Continue to Registration Step 3. Create your account

## Registration Step 3. Create your account

You should now create your QParents account by nominating an email address to be used as your username, a password and a mobile phone number.

1. Enter a valid email address, password and mobile number for your account. Please double check that you have entered the correct mobile number before submitting

The email address and mobile phone number may be used from time to time to allow QParents to send you relevant messages. This information will not be available to any of your student's schools. Passwords must be at least 8 characters long and contain one of the following special characters: ! ? @ # \$ % ^ & \* - + = : ; , .

2. Click Submit
3. If you have already registered for an account and are simply accessing another student, use the Login option on this screen rather than creating a new account.
4. If you wish to Cancel your registration, this is the last chance to do so before your account is created. Click **Cancel** to go back.

Once you have completed the information, an email will be sent to the nominated email address to allow you to confirm that that email address is valid. Follow the information that is provided in the email to finalise the registration process by confirming the email address. This confirmation is only valid for 30 days from the date it is issued. After 30 days, if the account is not validated you will need to re-register. When you next log in, use your registered email address and the password you have selected.

Once you have completed this step your account is validated and you will be taken to the login screen. You should now continue to [Step 1: My students page](#)

## Step 1: My students page

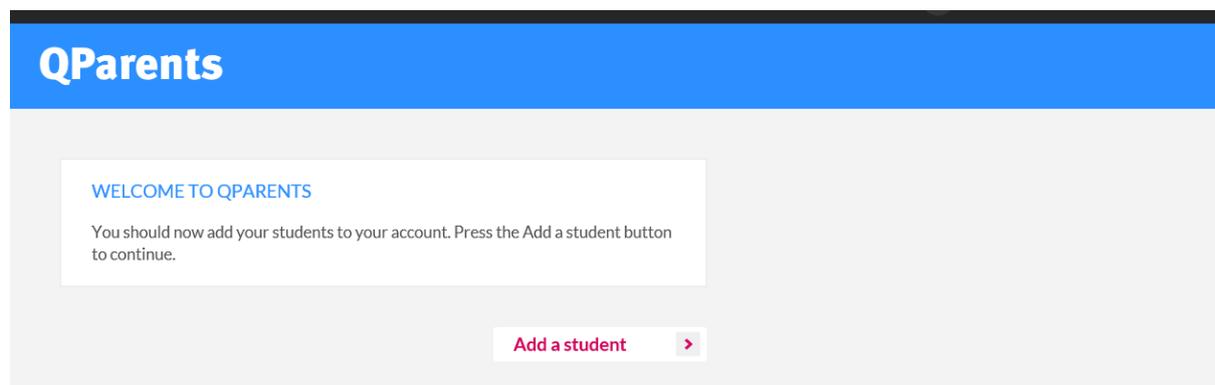

The **My students** page is the first page you will see after logging in to QParents.

On this page you will see the child/ren's account that you can access as a QParents Account Owner or view as a QParents Delegated Viewer.

### *QParents Account Owner*

The following steps apply if you are a **QParents Account Owner**.

On your first visit to the **My students** page you will see that there are no students linked to your account. Go to [Step 2: Add a student to your account](#).

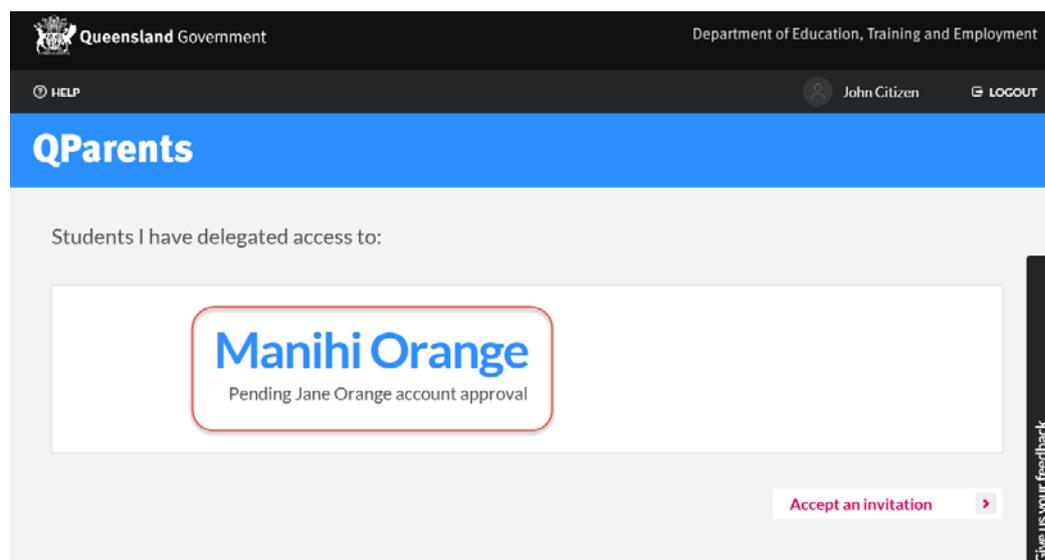

### *QParents Delegated Viewer*

The following steps apply if you are a **QParents Delegated Viewer**

On your first visit to the **My students** page you will see that the student who you have been invited to be a Delegated Viewer for, is displayed; however this student will be pending approval.

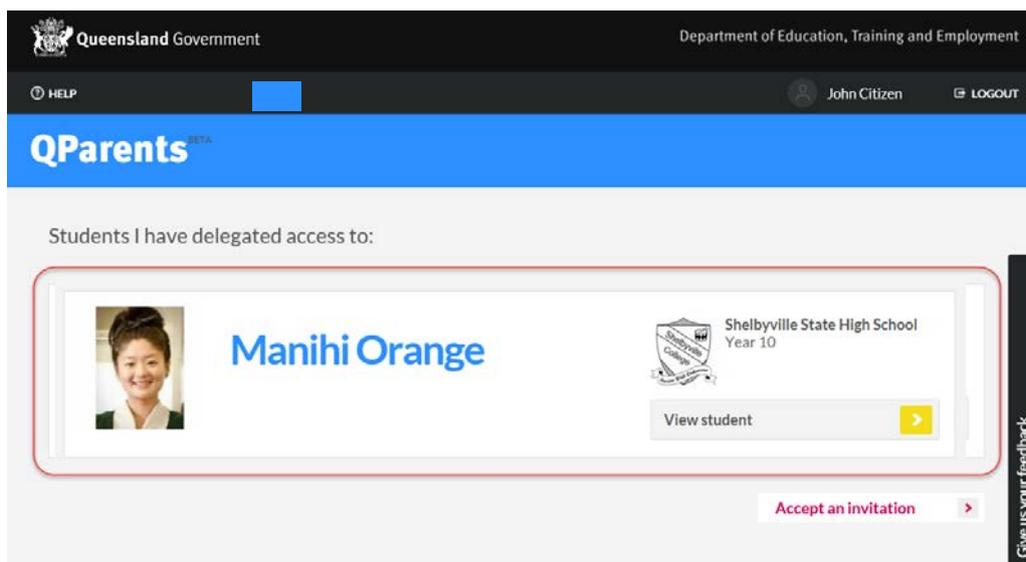

If you do receive an Invitation Code for a student from the student's school, go to [Step 2: Add a student to your account](#).

The QParents Account Owner who nominated you will need to approve your access. You will receive a confirmation email once your account is approved, and the student will be active for you to view and

no longer pending. You will then need to accept the QParents Delegated Viewer terms and conditions and privacy statement.

1. Please read the Privacy Statement and then click in the **Read and understood** checkbox. A  will appear
2. Please read the QPAO Terms and Conditions, and when you are ready to proceed with the registration, click on the **Accept Terms and Conditions** checkbox. A  will appear.
3. To cancel the process, select the **Decline** button.
4. To continue click **Accept**.

You will now see the student/s that you have delegated access to on your My Students dashboard when you login.

QParents Delegated Viewers may now go to [Step 3: Student dashboard](#)

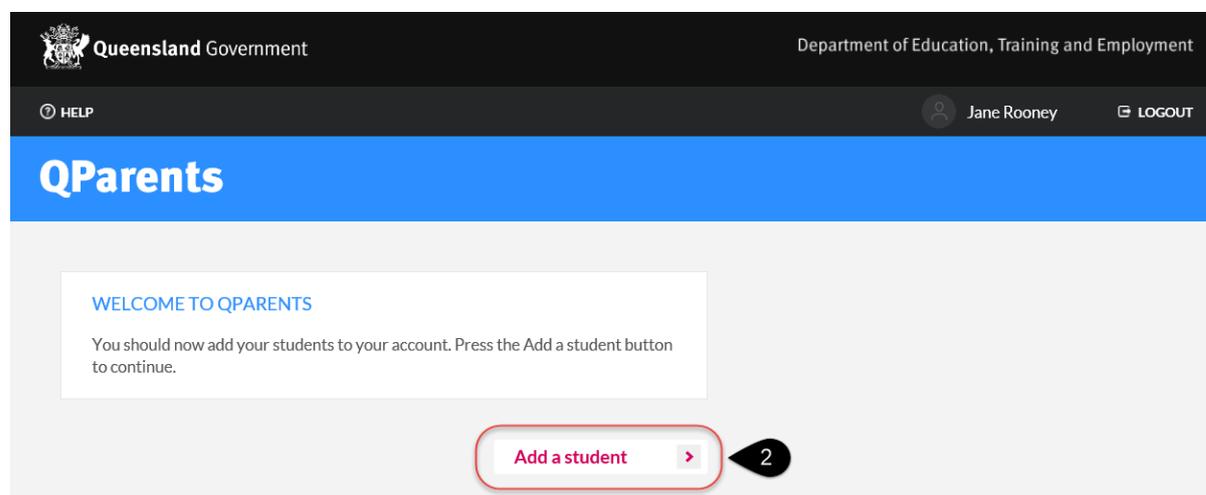

## Step 2: Add a student to your account

As a QParents Account Owner, before you are able to view any information about a student you need to request that the student is added to your QParents account. Note that the 'Add student' function is currently unavailable in the QParents iPhone app. iPhone app users will need to add their students using the web version of QParents.

NOTE: If you have received an email containing a new invitation code inviting you to access a new student, you will need to follow the steps outlined in your invitation email, or refer to [Registration Step 1. Enter the invitation code](#) to add your student.

If you did not receive a new invitation code for your student, follow these steps to add a student to your account:

1. Log in to your QParents account. The **My students** page will be displayed.
2. Select the **Add a student** button that is at the bottom of the page.

- The **Add Student** page is displayed. You need to enter all of the requested information about the student to complete this step.
- Enter the **EQ ID (Education Queensland Identification number)** for the student you are adding to your account. The EQ ID consists of 10 numbers and 1 character. It may be displayed on your student's ID card (numbers under the barcode), academic reports (under the QGOV logo in the section highlighted yellow):

school invoices, enrolment information or other school documents. If you cannot find your child's EQID, you will need to contact the student's school administration for assistance. EQID numbers cannot be provided by anyone other than the school.

- Click on the down arrow and select the current **Year level** for the student you are adding.
- Click on the down arrow to view the full list of **schools** using QParents. Please note that only students attending schools that use QParents can be added to your account. Select from the list the **School** in which the student is currently enrolled. If your student's school is not listed

here, this means that the school is not currently using QParents and you cannot complete this process. Press the **Back** button to return to the **My Students** page.

7. Click the **Submit** button to send your request to the student's school. A message will appear on the **Add student** page informing you if the details you have entered match a student in the database. If the details you entered were incorrect a message is displayed to inform you that the request was unsuccessful.

Upon a successful match of information, a request is sent to the student's school to review your request, confirm the details and decide if they will add this student to your account. Please note: the processing time for reviewing your request is determined by the school and may vary from school-to-school.

8. If you wish to add another student, press the **Add Another Student** button and repeat the steps from **step 4 - 9**. Once you have completed adding students press the **Back** button.
9. If you wish to cancel this process and return to the **My Students** page click the **Continue** button.

10. Students that you have recently requested to be added to your account will have the words **Pending Review** written beside their name (on the **My students** page). You are unable to view

any information about the student until the school approves the request. Please note: the processing time for approving the request is determined by the school.

If you have registered using less than 100 points online, you will need to present your documentation at the school before your student access is approved. Please see: <https://qparents.qld.edu.au/#/identityInformation> for more information regarding identity documentation.

If your request to add a student to your account is approved by the student's school you will become a **QParents Account Owner** for this student.

Once your student/s have been added to your QParents account you can start using QParents and enjoying the benefits of secure, online access to attendance details, behaviour information, report cards, timetables, invoices, payments and enrolment information. You are also now able to update your child's details, provide a reason for an absence and email your school. Go to [Step 3: Student dashboard](#) to learn more about the student dashboard.

## Adding a student – common issues

You may encounter a 'Student not found' message when adding your student, or find that a student you have added is now not visible in your account.

There are a number of scenarios that may result in a student disappearing from your account, or you receiving a 'student not found' message when attempting to add them:

### **1. You are not nominated as a QPAO for the student.**

Your school, or schools, will need to have nominated you as a QPAO for each of your students - even if you already have an active QParents account for a different student.

### **2. Your student does not attend a QParents school.**

Your student's school will need to have opted in to QParents for you to be able to add them through QParents. If your student has moved to a new school that does not use QParents, you will no longer see them or be able to add them to your account.

### **3. Your new school does have QParents, but your student has disappeared or cannot be found.**

Students moving schools are marked left at their previous school and then made active at their new school. During the transition period, left students will not appear in your QParents account or be able to be added to your account. Once the student is active at their new school, they will appear in your account again automatically (where you have added them previously), or you will be able to add them to your account.

NOTE: Your new school must also have turned on access for your student's year level in order for you to access the student.

### **4. Your student has changed year levels.**

If your student has changed year levels since you were invited to QParents, you will need to enter the student's current year level when adding them to your account.

NOTE: If it is close to the beginning of a new school year and your student cannot be found, try entering the year level from their previous school year.

**5. You have been sent a new QParents email invitation with a new invitation code, inviting you to register for QParents for another student.**

If you already have a QParents account - but have received a new invitation email with a new unique invitation code inviting you to access another of your students - you will need to click on the link provided in the email and follow the prompts onscreen to complete the process of adding your student. You may also refer to [Registration Step 1. Enter the invitation code](#) for assistance. You will need to follow this process for any student that you have received a unique invitation code for.

If you are still unable to add your student, please contact QParents support (See [Help and support](#)).

## Step 3: Student dashboard

When you click on a student from the **My students** page you will be taken to the **student dashboard** page.

### Student information

On the **student dashboard** page you may see information about your student under the headings of timetable, attendance, behaviour, payments, reports and enrolment history. Please note that it is a school decision which of these datasets they make available to parents. If a category is not available, you will see a message advising that no information for that dataset is available.

## Student dashboard elements

The screenshot shows the QParents dashboard for a student named Manihi Orange. The interface includes a top navigation bar with 'HELP', user information 'Jane Orange', and 'LOGOUT'. A blue header bar contains the 'QParents' logo and a 'Switch student' dropdown. A left-hand navigation menu lists 'Overview', 'Timetable', 'Attendance', 'Behaviour', 'Payments', 'Reports', and 'Enrolment History'. The main content area features a student profile for Manihi Orange, school details for Shelbyville State High School Year 10, and three summary cards: Attendance (92%, 1 day absent), Behaviour (Positive, Awards - Cooperation), and Payments due (\$379.00). Below these are sections for 'Upcoming events' (with filters for Exams, Assessments, Excursions, and School events) and 'Timetable' for Tuesday. A 'Downloads' section lists 'Year 10 S1 2017 Assessment' and 'Year 10 S1 2017 Exams'. A 'Reports' section shows 'Semester 2 2016'. The footer contains copyright information and a 'Give us your feedback' link.

  - Payments
  - Upcoming events
  - Timetable
  - Downloads
  - Reports
5. **Navigation tabs** - These tabs are alternative way to navigate the various sections of student information.
6. **View button** - Click on any of the view buttons to view additional information in the selected area :
- Attendance
  - Behaviour
  - Payments
  - Timetable
  - Reports
7. **Upcoming events** – Events are organised into four categories. These are: Exams (E), Assessments (A), Excursions (X), School events (V). Not all types of event will be available at every school.
- You may filter the list by clicking on the small 'x' symbol next to the category name. This will hide all events for that category in the list. To turn on a hidden category, click on the small '+' symbol next to the category name.
8. **Downloads** – Click on the document name to download and view. You will need Adobe Reader or similar PDF viewer installed on your computer to be able to print documents. Refer to the [Installing Adobe Reader](#) section of this guide if you do not have Adobe Reader installed. See also [Download and Print a timetable](#) for more information on printing documents.

Go to [Step 4: Delegated Viewers](#) to learn about Delegated Viewers and how to add a Delegated Viewer to your QParents account.

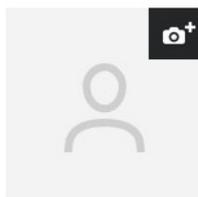

## Student photo

You can personalise your QParents dashboard by adding a photo of your child if you wish to do so. You can either use your child's school photo, or upload one of your own. Personal photos will only be seen by the QPAO and not the school. To add a photo:

1. Click on the photo placeholder next to your child's name:

2. You are presented with terms and conditions for uploading photos to QParents. If you agree to the terms, tick the checkbox and click **Accept**. Otherwise, click **Decline**.
3. You are presented with three options: **No Photo** (go to Step 4), **School Photo** (go to Step 5), or **Upload your own photo** (go to Step 8).

## Step 4: Delegated Viewers

A Delegated Viewer is a person that the QParents Account Owner has invited to view a student's information.

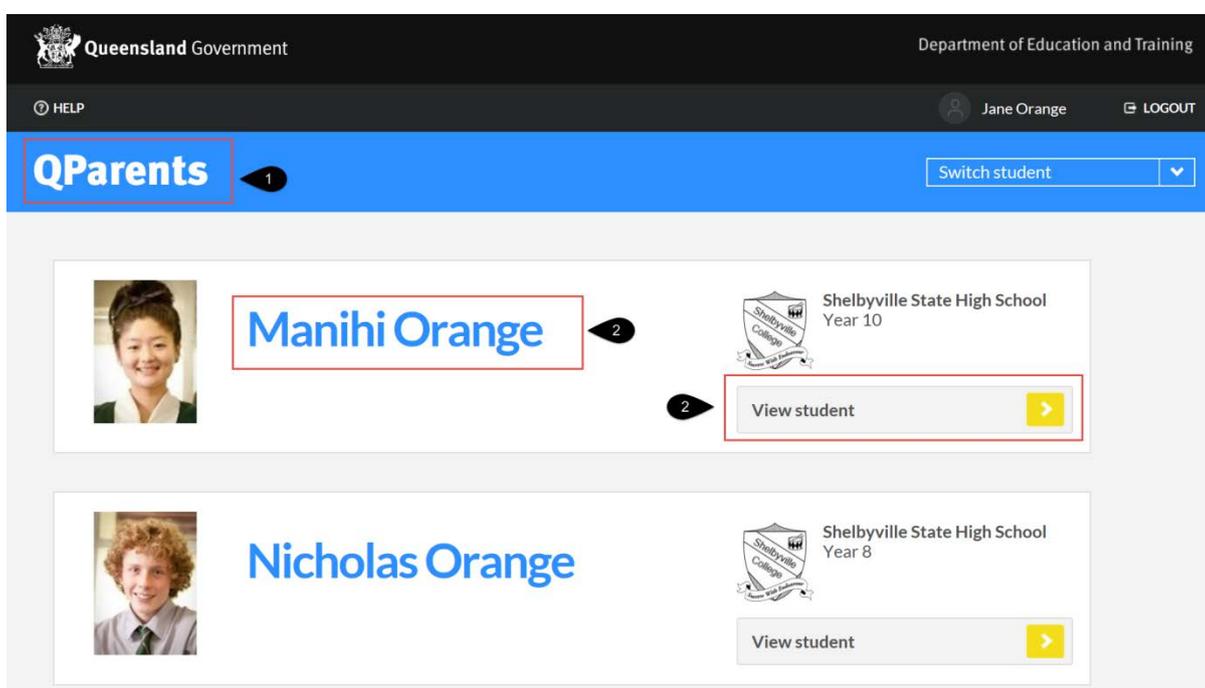

Delegated Viewers have **view only** access to the student information categories permitted by the QParents Account Owner. A Delegated Viewer is not able to view the personal information of the QParents Account Owner or the student.

A QParents Account Owner can invite someone to become a Delegated Viewer, change what information categories a Delegated Viewer can view and remove a Delegated Viewer's access to a student's account.

### Add a Delegated Viewer

Follow these steps to add a Delegated Viewer to a Student's account.

1. Login to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the **student name** or click the **View student** button.

3. Click on the **Manage student details** link found below the student's name.

4. Scroll to the bottom of the **Student's Details** page to the **Delegated Viewers** heading.
5. Click on the **Add a delegated viewer** button.

You can change the information accessible to the Delegated Viewer at any time by following the steps outlined under [Update Delegated Viewer details](#).

9. Click the **Send invitation** button. This will send an email on your behalf from QParents telling the Delegated Viewer that you have invited them to view the student's information. Only your first and last name and the student's first and last name are contained within the email. No other personal details are included. You will also receive an email as a record of the delegation information you entered.
10. To return to the student's details page and to cancel the process of adding a Delegated Viewer, press the **cancel** button. Please note, if you have already pressed the Send invitation button, you will need to refer to the following sections: [Update Delegated Viewer details](#) and [Change Delegated Viewer Access](#)
11. The **Student Details** screen is displayed with the newly added Delegated Viewer's status listed as **Invited**.

12. To return to the student's dashboard click the **Back** button
13. Once the Delegated Viewer completes the registration instructions sent via the email invitation, you will receive an email advising that you are required to approve the Delegated Viewer's access. Once you have received this email, you are required to approve the Delegated Viewer's access.

On the **Student Details** screen, select the **Review and Approve** button next to the Delegated viewer

14. The Delegated Viewer details screen will appear.

The screenshot shows the QParents interface for a user named Jane Orange. The main content area displays 'Delegated viewer details' for a student named Danny Johns. The 'Information' section lists: First Name: Danny, Last Name: Johns, and Email: MeagerBubbles@mailinator.com. The 'Student information visible to this delegated viewer' section shows a list of permissions, all of which are checked: Academic Reports, Attendance, Behaviour, Enrolment History, Finance, Student Photo, and Timetable. The 'Current status' section shows: Status: Awaiting Approval. At the bottom of the page, there are three buttons: 'Back', 'Approve', and 'Edit'. Callout boxes 15 and 16 point to the 'Approve' and 'Edit' buttons respectively.

15. Review the Delegated Viewer's details. If the details are correct and you wish to proceed with approving their view access of the selected student's details, select the **Approve** button. An email will be sent to the Delegated Viewer advising of this approval. When the Delegated Viewer next logs into QParents, they will be able to view the student information that you have made available.

16. If you wish to edit the Delegated Viewer's details, click the **Edit** button.

The screenshot shows a web interface for managing delegated viewer access. It is divided into two main sections:

- Select the student information to be visible to this delegated viewer:** A list of ten categories, each with an unchecked checkbox: Academic Reports, Assessment Planner, Attendance, Behaviour, Exam Timetable, Finance, Student Photo, Timetable, Upcoming Events, and Enrolment History. A callout box labeled '17' points to the 'Student Photo' checkbox.
- Edit status:** A section with a 'Status:' label and a dropdown menu currently showing 'Awaiting Approval'. A callout box labeled '18' points to the dropdown arrow.
- Buttons:** At the bottom, there are two buttons: 'Cancel' (with a right-pointing arrow) and 'Submit' (with a right-pointing arrow). Callout box '20' points to the 'Cancel' button, and callout box '19' points to the 'Submit' button.

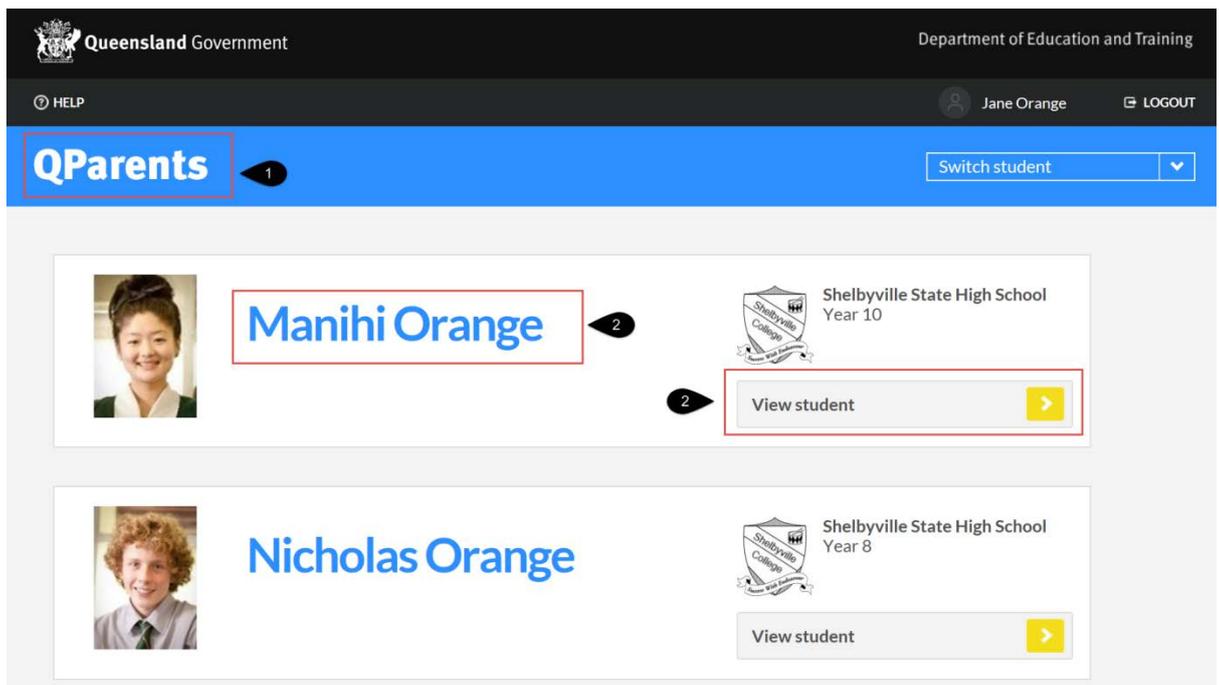

A note at the bottom of the first section reads: *\*You must select at least one to continue*

17. Update the student information that is visible to the Delegated Viewer. Tick the box for each information category that you wish to make visible to the Delegated Viewer. Any category accessible to the Delegated Viewer will have a  beside it. To deselect the category, click on the category again and the  will appear un-ticked.
18. If you wish to update the status of the Delegated Viewer from **Awaiting Approval** to **Active**, select the drop down arrow in the status. Updating the status to **Active** approves the Delegated Viewer's access. This is the same as clicking the Approve button outlined in step 15 above.  
An email will be sent to the delegated viewer advising of this approval. When the delegated viewer next logs into QParents, they will be able to view the student information that you have made available.
19. Click the **Submit** button to save all changes made.
20. If you wish to not save any changes, press the **Cancel** button

## Update Delegated Viewer details

Follow these steps to update a Delegated Viewer's first name, surname and/or email address. A QParents Portal Account Owner is able to make these changes, and this option is only available if the Delegated Viewer status is **Invited**.

1. Login to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the **student name** or click the **View student** button.

3. Click on the **Manage student details** link below the student's name.

4. Scroll to the bottom of the student's details page to the **Delegated Viewers** heading.
5. Click on the name of the Delegated Viewer name you wish to change. The delegated viewer's status field must be **Invited**, or you will not be able to change their first name, surname or email address.

## Change Delegated Viewer Access

Follow these steps to change the access of a Delegated Viewer. Please note: only a QParents Portal Account Owner is able to make these changes.

Follow steps 1 – 6 under [Update Delegated Viewer details](#) in this guide (see previous heading).

7. Select the drop-down arrow to reveal the 3 options :
  - Active – Approves the Delegated Viewer's access to the student information selected
  - Remove – Removes the Delegated Viewer's access to the student information. This also deletes the Delegated Viewer's information from the QParents Account Owner's account. All of the Delegated Viewer's details will need to be added again if you wish the Delegated Viewer to have access to a student's information
  - Block – Blocks the Delegated Viewer from seeing any of the student's information. In this case the Delegated Viewer's information is still visible in the QParents Account Owners account. Access may still be changed back to 'Active' at a later date without reinviting the Delegated Viewer.

## Step 5: School communication

You can generate an email to your student's school from QParents.

Please note: to be able to generate an email to the school from this link, you must have a mail application (such as Microsoft Outlook or Apple mail) installed on your computer or mobile device.

Follow these steps to send an email to the student's school.

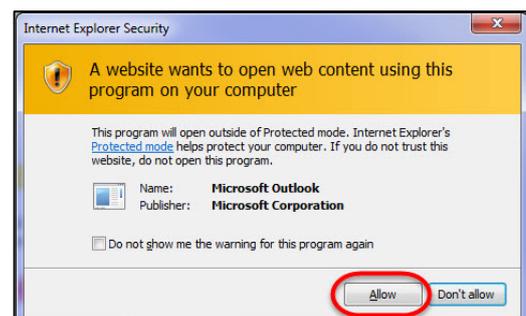

1. Log in to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the student name or click the **View student** button.

3. Click on the **Contact School** link under the school name on the student dashboard.

4. A security message may appear from your web browser application. Select **Allow**. This will allow QParents to open a new email within your email application.

5. A blank email will open with the school's email address within the **To** field. You can now write and send your email to the student's school.

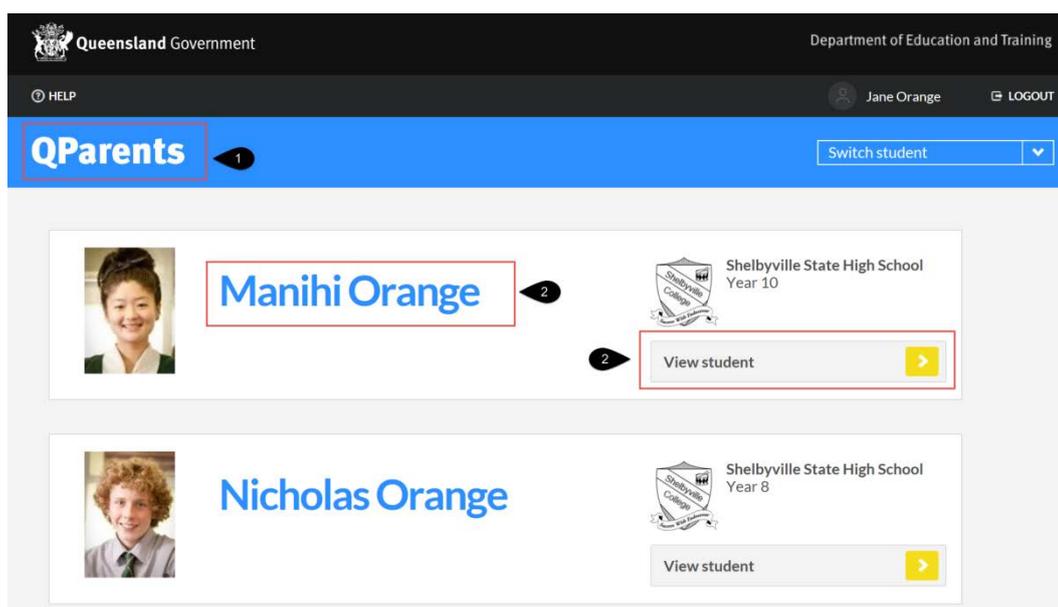

Go to [Step 6: Edit student details](#) to learn how to edit a student's details or go to [Step 14: Logout](#) to learn how to logout of your QParents account.

## Step 6: Edit student details

QParents Account Owners can notify their student's school of changes to their student's personal details. Delegated Viewers may be granted access to view student information but are not able to edit student details using QParents.

Follow these steps to notify your school of any changes to your student's details.

1. Log in to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the student name or click the **View student** button.

3. Click on the **Manage student details** link found below the student's name.

4. The **Student Details** page will be displayed.
5. To make changes to the student residential address, postal address or date of birth, click the **Edit Student Details** button.

Click on the year, and a list of years will appear. Select the year you require.

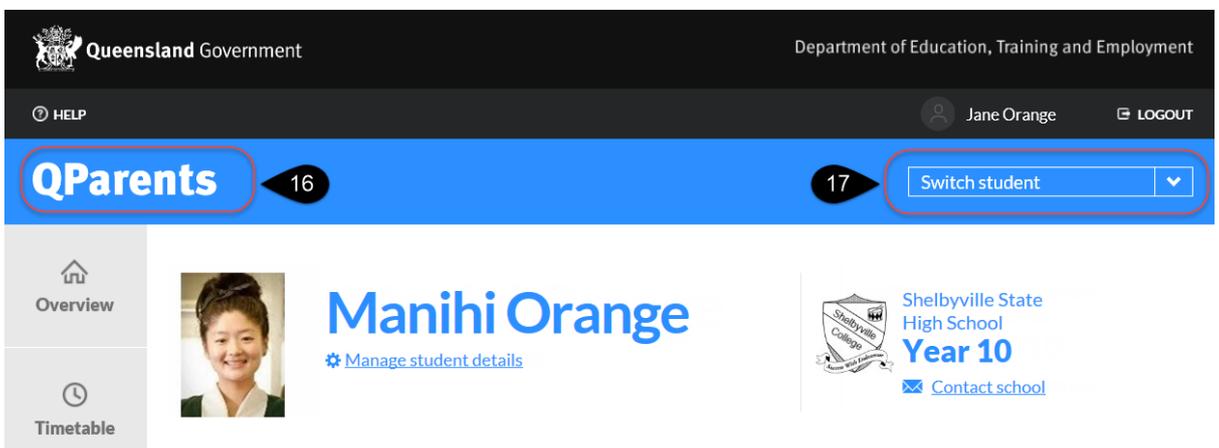

13. If at any time you wish to cancel the process, press the **Cancel** button and no changes will be sent to the student's school.
14. Once you have completed all of your changes press the **Submit** button. Your student's school will be notified of the changes to the details and will review the changes before the student's record is updated. An email will also be sent to your registered email account providing a brief outline of the changes you have requested. Once the student's school has accepted your requested changes, a second email will be sent to your registered email account, advising you of the outcome.

15. The new details will not appear on the **Student Details** page until the student's school has approved the changes. The student's school is required to verify that all information entered is correct before accepting the requested changes. A message will appear on the **Student Details** page showing the date and time the change request was submitted to the student's school. Once the change(s) have been approved by the school, this message will no longer appear and the new student details will be displayed.

16. To return to the **My Students** page, select the QParents logo at the top of the screen, or select the **Back** button at the bottom of the screen.

17. To view the Student Dashboard of any student registered to your account, click on **Switch Student** and select the student's name from the list.

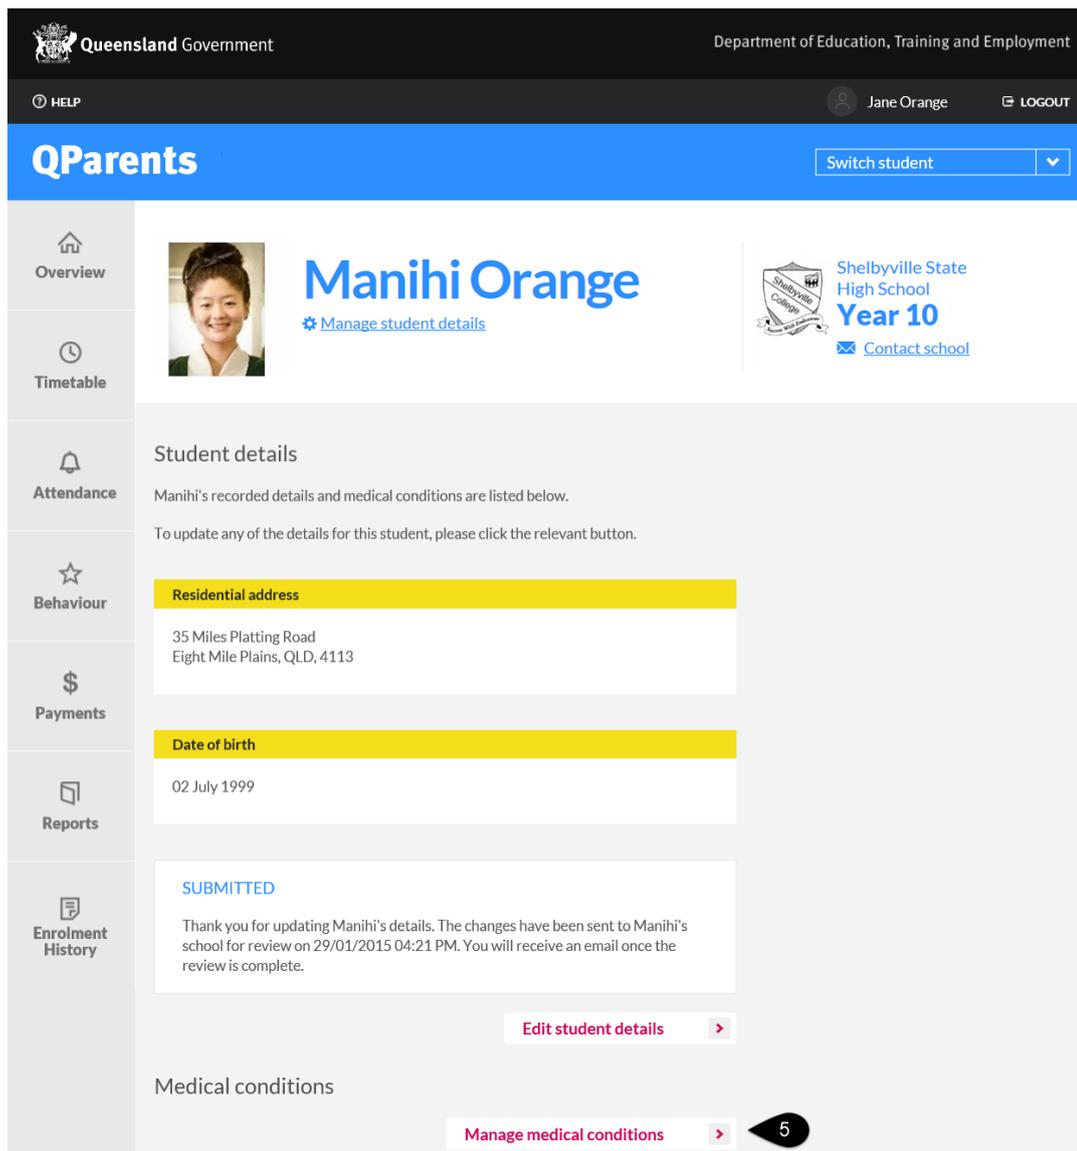

## Update Student Medical Conditions

In QParents, you can inform the school of any medical conditions that your student may have. To utilise this function you must be a QParents Account Owner. Please note that you may be required to undertake further follow-up with the school depending on the medical condition selected. In this case the relevant schools officer will contact you after receiving notification of the medical condition.

Follow these steps to update your student's medical conditions.

Follow steps 1 – 4 under **Enter Student Details** in this guide (see previous heading).

5. Select the **Manage medical conditions** button

The screenshot shows the QParents web interface for a user named Jane Orange. The page is for a student named Manihi Orange, Year 10 at Shelbyville State High School. The left sidebar contains navigation options: Overview, Timetable, Attendance, Behaviour, Payments, Reports, and Enrolment History. The main content area is titled 'Student details' and shows the student's residential address (35 Miles Platting Road, Eight Mile Plains, QLD, 4113) and date of birth (02 July 1999). A 'SUBMITTED' message indicates that the details have been sent to the school for review. At the bottom of the page, there are two buttons: 'Edit student details' and 'Manage medical conditions'. A callout bubble with the number '5' points to the 'Manage medical conditions' button.

6. The Medical Conditions screen will appear.

If the student has any previously reported medical conditions they will be listed, otherwise a message stating no medical conditions have been recorded will be displayed.

15. Enter your new password. Your password must be at least 8 characters and contain one of the following: ! ? @ # \$ % ^ & \* - + = : ; , .  
You must confirm your new password before pressing the Submit button.
16. Once you have completed press the **Submit** button.
17. Press the **Cancel** button to return to your My Details screen and not submit your password change.
18. To return to the **My Students** page, click the QParents logo at the top of the screen, or click the **Back** button.

Go to [Step 8: Timetable](#) to learn how to view and print your student's timetable or go to [Step 14: Logout](#) to learn how to logout of your QParents account.

## Step 8: Timetable

In QParents you can view and print a student's current timetable. To utilise this function you must be a QParents Portal Account Owner or be a Delegated Viewer with access to the student's timetable information.

### View the current timetable

Follow these steps to view a student's current timetable.

1. Log in to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the **student name** or click the **View student** button.

The screenshot shows the QParents interface. At the top, there's a header with the Queensland Government logo, 'Department of Education and Training', and user details 'Jane Orange' with a 'LOGOUT' button. Below this is a blue navigation bar with the 'QParents' logo (marked with a red box and '1') and a 'Switch student' dropdown menu. The main content area displays two student cards. The first card is for 'Manihi Orange', a Year 10 student at Shelbyville State High School. Her name is highlighted with a red box and '2', and the 'View student' button is also highlighted with a red box and '2'. The second card is for 'Nicholas Orange', a Year 8 student at the same school, with a 'View student' button highlighted with a yellow box and '2'.

3. The student dashboard will be displayed. Under the **Timetable** heading you will see one of the following:
  - a summary of today's timetable information
  - a message advising that no timetable information is available for today

- Click on the **View full timetable** link or the **Timetable tab** and the Timetable screen will be displayed with the student's current timetable.

If the student has no timetable information available , a message will display informing you that there is currently no timetable for the student.

 This symbol indicates that a reason for the absence has not yet been provided.

10. If you wish to submit a reason for an absence, click on the  icon and select the **submit a reason** button. To submit absences you must be a QParents Account Owner. Delegated Viewers may be granted access to view student attendance information but are not able to submit absences using QParents.
11. The **Attendance Reason** screen will be displayed. The date and time for the absence is automatically populated on this screen.

12. Select the **Cancel** button to return to the **Student Attendance** page without entering a reason.
13. Enter a reason for the absence into the **Reason** field
14. Click **Submit**. This reason is then sent to the school to be reviewed. A message is displayed advising that the reason for absence has successfully been sent to the student's school, and that you will be contacted if further information is required.

The absence will be updated with a message stating 'Reason has been provided to the school and is pending approval'. A  will be placed beside the absence.

Once the school has approved the absence reason, the reason provided will appear in the summary information. An email will be sent to your registered email address, advising that your absence reason has been confirmed by the school.

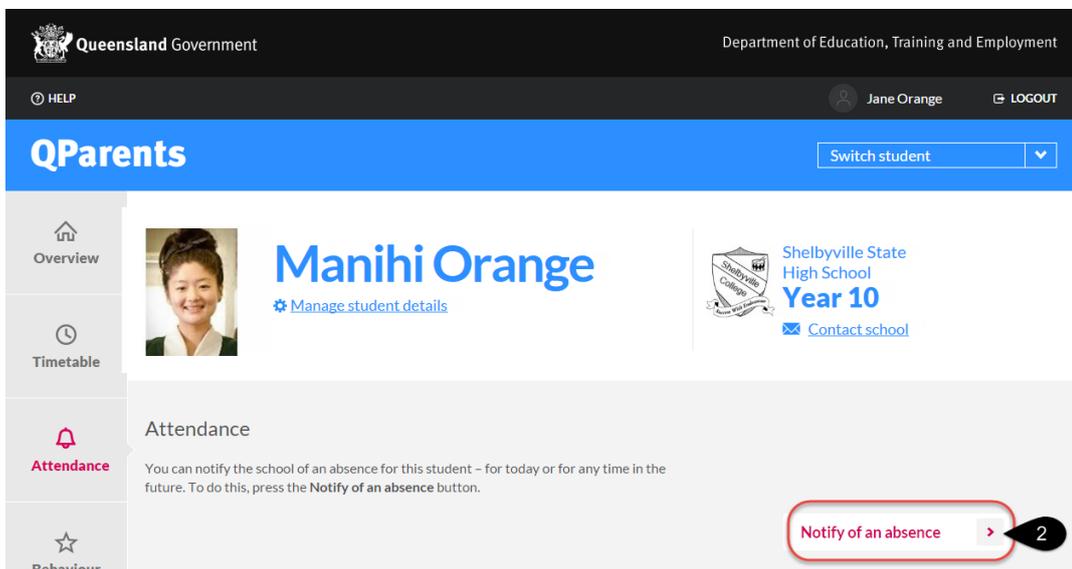

15. To return to the **My Students** page select the **QParents logo** at the top of the screen.

## Future absence

In QParents, you can inform the school of a future absence or absences. This information is used to inform teachers and necessary school staff of any time periods that your child won't be attending school. The school will then use this information to update their records. To utilise this function you must be a QParents Account Owner.

Follow these steps to submit a future absence.

1. Follow steps 1 – 4 under [Step 9: Attendance](#).

2. Click the **Notify of an absence** button.

Go to [Step 10: Behaviour](#) to learn how to view a student's recorded behaviour information or go to [Step 14: Logout](#) to learn how to logout of your QParents account.

## Step 10: Behaviour

Follow these steps to view a student's behaviour information. To utilise this function you must be a QParents Account Owner or be a Delegated Viewer with access to the student's behaviour information.

Not all behaviour records are shown in QParents, the behaviour records that are displayed are:

- Recorded this calendar year
- For the current school. This means that if a student changes school during the calendar year, then only behaviour records relating to the current school will be presented.

Schools manage student behaviour matters according to their own processes and judgement. QParents presents parents with a basic list of behaviour information to assist the school with advising them of their student's progress. If you need additional information, you will need to contact your student's school.

The screenshot shows the QParents interface. At the top, there is a header with the Queensland Government logo, the text 'Queensland Government', and 'Department of Education and Training'. Below this is a navigation bar with 'HELP', a user profile for 'Jane Orange', and a 'LOGOUT' button. The main content area has a blue bar with the 'QParents' logo (callout 1) and a 'Switch student' dropdown menu. Below this, there are two student cards. The first card is for 'Manihi Orange' (callout 2), showing a photo, the name, and school information 'Shelbyville State High School Year 10'. A 'View student' button with a yellow arrow is highlighted with a red box and callout 2. The second card is for 'Nicholas Orange', showing a photo, the name, and school information 'Shelbyville State High School Year 8'. A 'View student' button with a yellow arrow is also present.

1. Log in to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.

Go to [Step 11: Payment information](#) to learn how to view past and current payment information about a student or go to [Step 14: Logout](#) to learn how to logout of your QParents account.

## Step 11: Payment information

In QParents, you can view information about a student's paid invoices and any payments still due. To pay invoices you must be a QParents Account Owner. Delegated Viewers may be granted access to view student financial information but are not able to pay invoices using QParents.

Follow these steps to view payment information.

The screenshot shows the QParents interface. At the top, there is a black header with the Queensland Government logo and 'Department of Education and Training'. Below that is a blue navigation bar with the 'QParents' logo (callout 1) and a 'Switch student' dropdown menu. The main content area displays a list of students. The first student, Manihi Orange, has her name highlighted (callout 2) and a 'View student' button highlighted (callout 2). The second student, Nicholas Orange, is listed below with a 'View student' button.

1. Log in to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the **student name** or click the **View student** button

3. The **student dashboard** will be displayed.

Under the **Payments** heading on the student dashboard you will see:

- a summary of outstanding payment information.
- a message advising that there are no outstanding payments for this student.
- a message advising that no payment information is currently available for this student.

Details of payments that are due now or overdue will also appear here.

4. Click on the **View payments** button or the **Payments tab**.

The **Payments** page is displayed. If payments are not available for the student, a message will display advising that no payment information is currently available for this student.

This page has two sections – **Payments due** and **Payment history**.

5. The **Payments due** section displays any invoices that have not yet been paid in full.
6. The **Payment history** section shows a record of payments made that have been processed by the school.
7. To view the payment information click on the  icon to display more details.
8. To hide the payment information click the  icon.
9. Both the invoice due date and invoice number are displayed.
10. To download an invoice, click on the **Download PDF** link. Please note: to view the invoice you will need to have Adobe Reader installed on your computer. Refer to [Installing Adobe Acrobat Viewer](#) if you need this software installed.

If you are using a **PC with Internet Explorer version 9** or above, the message below will be displayed.

Select **Open** to simply open the invoice in Adobe Reader without saving it.

Select **Save** to save the invoice to a default location on your computer. If you wish to save to a particular location, select the **arrow** next to the **Save** button and select the **Save As** option. This will allow you to select the location where you would like to save the invoice.

Once you have saved the invoice the following message will be displayed. Click on **Open** to view the invoice.

Select **Cancel** or **click X** to cancel the download operation.

11. If the invoice has been paid it will appear as **Paid**.
12. To return to the **My Students** page select the **QParents logo** at the top of the screen, or select the **Back** button.

## Online payments

It is possible for QParents Account Owners to make online payments against school invoices through QParents. The payments are processed through the Commonwealth Bank's BPOINT facility, and can be made using either Visa or MasterCard. To make an online payment:

To access academic reports from a school you attended in the past, click the "Report Archive" button at the bottom of the screen.

1. Click on the arrow of the drop down list to display all available reporting time periods.
2. Select the time period you require. Please note that only reports from the student's current enrolment are available in this list. For reports from past enrolments (state schools only), see [Report archive](#).

The academic report displayed on the screen will now be updated.

You can see the reporting period that you are currently viewing by the time period displayed at the top of the drop down list.

## Print an academic report

In QParents, you can save or print a student's academic report.

You will need Adobe Reader installed to be able to print a student's academic report. If you do not have Adobe Reader installed refer to the [Installing Adobe Reader](#) section in this guide.

1. To print an academic report, click on the **Download report (PDF)** button.

If you are using a **PC with Internet Explorer version 9** or above, the message below will be displayed:

Select **Open** to simply open the academic report in Adobe Reader without saving it.

Select **Save** to save the academic report to a default location on your computer. If you wish to save to a particular location, select the **arrow** next to the **Save** button and select the **Save As**

option. This will allow you to select the location where you would like to save the academic report.

Once you have saved the academic report the following message will be displayed. Click on **Open** to view the academic report.

Select **Cancel** or **click X** to cancel the download operation.

## Report archive

QParents also allows you to retrieve an archive of report cards from previous years. Reports from all previous years where your child has attended a state school will be available.

To do this, follow these steps.

A screenshot of the QParents web interface. The top navigation bar is blue with the "QParents" logo and a "Switch student" button. A sidebar on the left contains icons for Overview, Timetable, Attendance, Behaviour, Payments, Reports (highlighted in red), and Enrolment History. The main content area shows the student's name "Manihi Orange" and school "Shelbyville State High School Year 10". Under "Academic reports", there is a dropdown menu set to "Semester Two, 2016" and a "Download report (PDF)" button. Below this is a table of subjects and grades:

Art	Grade A

Go to [Step 13: Enrolment history](#) to learn how to view a student's enrolment history or go to [Step 14: Logout](#) to learn how to logout of your QParents account.

## Step 13: Enrolment history

In QParents, you can view a student's enrolment history and see the details of their current and previous school(s). To utilise this function you must be a QParents Account Owner or be a Delegated Viewer with access to the student's enrolment history.

Follow these steps to view a student's enrolment history.

The screenshot shows the QParents interface. At the top, there is a navigation bar with the Queensland Government logo, the text 'Queensland Government', and 'Department of Education and Training'. Below this, a blue header contains the 'QParents' logo (highlighted with a red box and callout '1'), a 'Switch student' dropdown menu, and the user's name 'Jane Orange' with a 'LOGOUT' button. The main content area displays two student profiles. The first profile is for 'Manihi Orange' (highlighted with a red box and callout '2'), who is enrolled at 'Shelbyville State High School Year 10'. A 'View student' button (highlighted with a red box and callout '2') is located to the right of the student's name. The second profile is for 'Nicholas Orange', enrolled at 'Shelbyville State High School Year 8', with a 'View student' button below his name.

1. Login to your QParents account. The **My Students** page will be displayed. If you are already logged into QParents, click on the **QParents logo** to return to the My Students page.
2. On the **My Students** page, click on the student name or click the **View student** button

5. The student's current enrolment information is displayed at the top of the list and the status will be marked as **Active**.
6. To return to the **My Students** page select the **QParents logo** at the top of the screen, or press the **Back** button.

Continue to [Step 14: Logout](#) to learn how to logout of your QParents account.

## Step 14: Logout

It's important to always logout of QParents when you finish your session rather than simply closing your browser window, tab or app.

To log out, click on the **LOGOUT** button in the top right hand corner of the screen. This button is available on every screen within the QParents application.

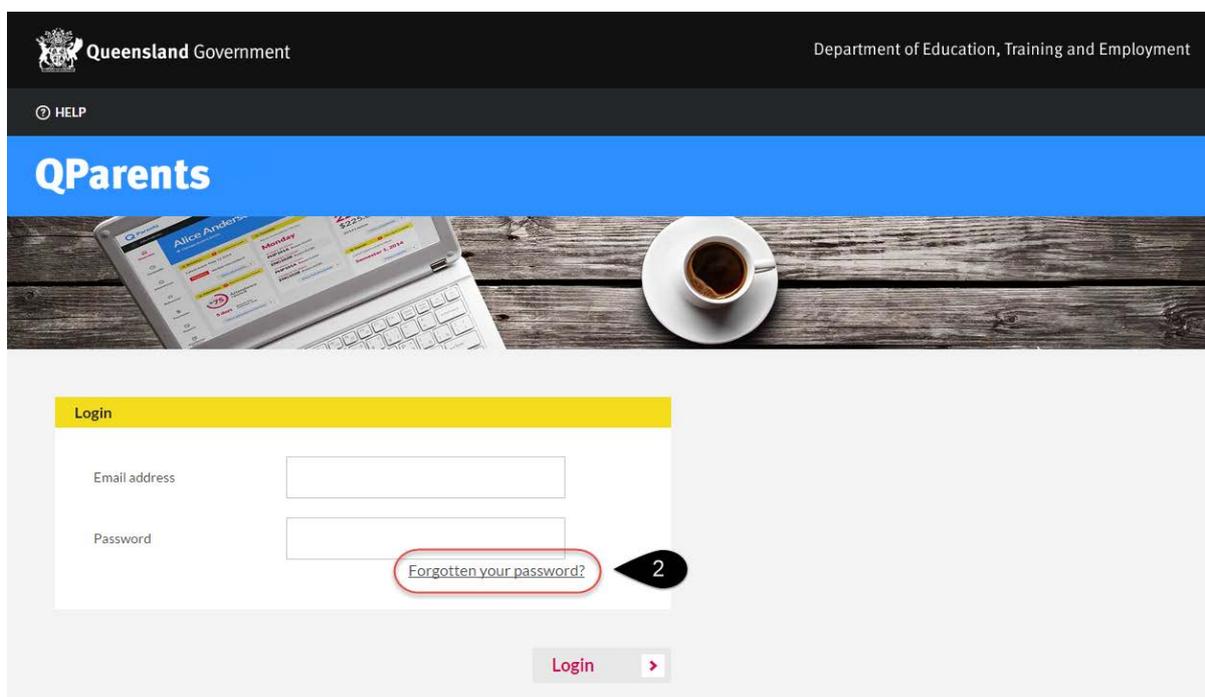

It is highly recommended that you also close your browser completely after logging out of QParents to prevent unauthorised access to your QParents account.

# Forgotten password

Every time you login to QParents you will be asked to enter your username and password. Please keep your username and password details in a safe place.

Follow these steps if you have forgotten your password:

1. Navigate to the QParents login page.

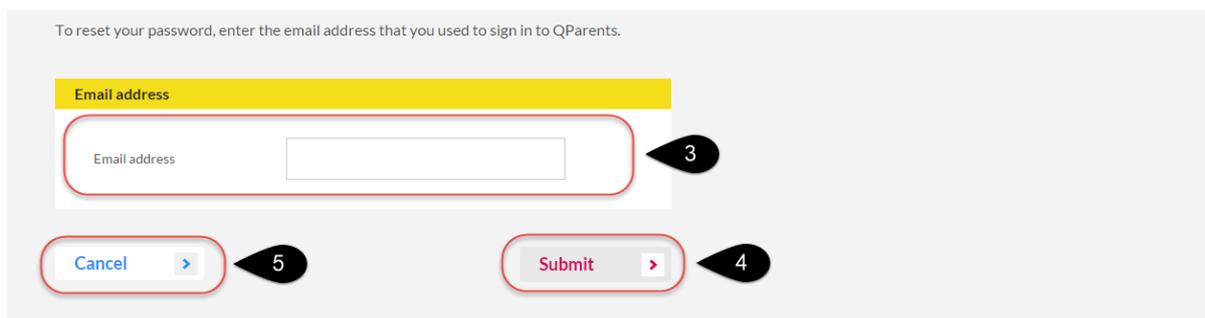

2. Click the **Forgotten your password?** link under the **Password** field.

## Forgotten password

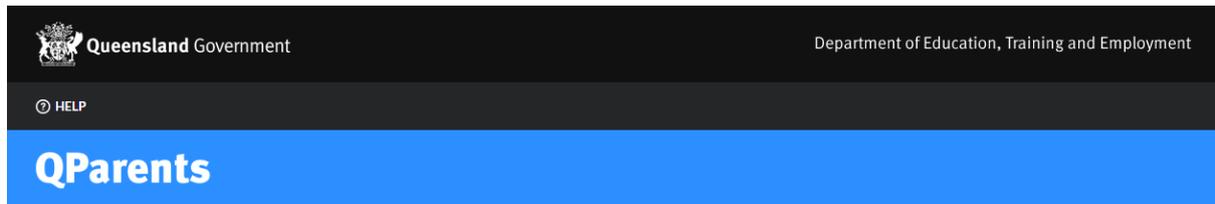

To reset your password, enter the email address that you used to sign in to QParents.

3. The **Forgotten password** screen will appear. In the **Email address** field enter the current email address that you have registered with QParents.

4. Press the **submit** button. If the email you have entered is a registered email with QParents, a Reset Password email will be sent to that email address.
5. If you wish to cancel the reset process, select the **Cancel** button.

Once you have received the Reset Password email, click on the link provided in the email to reset your password. You will be taken back to QParents where the **Change forgotten password** page will be displayed.

## Change forgotten password

The screenshot shows a 'Reset password' form with the following elements:

- Email address** field (callout 6)
- New password** field (callout 7)
- Confirm password** field (callout 8)
- Cancel** button (callout 10)
- Set Password** button (callout 9)

6. In the **Email address** field, enter your QParents registered email address
7. In the **New password** field, enter a new QParents password. Remember to keep this password safe at all times.
8. Re-enter this new password in the **Confirm password** field.
9. Click the **Set Password** button. A message will be displayed if the reset was successful.
10. If you wish to cancel the Set Password process, click on the **Cancel** button.

# Installing Adobe Reader

Adobe Reader software is the free trusted standard for reliably viewing, printing, and annotating PDF documents. Adobe Reader can open and interact with all types of PDF content, including forms and multimedia.

Go to <http://get.adobe.com/reader/> to download a compatible version of Adobe Reader for your computer's operating system. After downloading, follow the prompts on your computer to install Adobe Reader.

Visit the iTunes or Google Play Stores to install Adobe Reader on your mobile device.

# QParents legal information

You can read the QParents Copyright, Disclaimer, Privacy, Right to information and Accessibility pages by selecting the appropriate link available at the bottom of every QParents page.

The **QParents Help page** is also available in the top left hand corner of every screen.

The screenshot displays the QParents web interface. At the top, the Queensland Government logo and 'Department of Education, Training and Employment' are visible. A navigation bar includes a 'HELP' button, the user's name 'Jane Orange', and a 'LOGOUT' button. Below this is a blue header with the 'QParents' logo and a 'Switch student' dropdown menu. The main content area features two student profile cards. The first card is for 'Manihi Orange', a Year 10 student at Shelbyville State High School, with a 'View student' button. The second card is for 'Nicholas Orange', a Year 8 student at the same school, also with a 'View student' button. An 'Add a student' button is located at the bottom right of the profile area. At the bottom of the page, a footer contains links for 'Copyright', 'Disclaimer', 'Privacy', 'Right to information', 'Accessibility', and 'Jobs in Queensland Government', along with copyright information for the State of Queensland (1995-2014) and the Queensland Government.
