

Mayfield State School

Investing for Success (I4S) progress report for 2018

Dec 2018

Background

Our initiatives included:

- To facilitate collaboration to strengthen consistency of curriculum planning, assessment and moderation.
- Funding a pedagogical coach.
- Funding a learning support teacher.
- Funding additional teacher aide support to provide extension programs.
- Provide learning extension through IMPACT and STEM programs.

Design – Line of sight

- Our school provided peer coaching to enhance teachers and teacher aides in their delivery of highly effective instruction.

This has lead higher student achievement levels evidenced by the increased percentage of students receiving an A, B, or C

- Our school has enabled collaboration through teacher release for planning and moderation.
- This has resulted in a collaborative approach to address student needs.
- Our school has provided additional teacher aide time targeted to support higher achieving students.
- Our school purchased access to IMPACT and STEM resources.
- Our school purchased ICT resources to further support SWD students.

Impact – Student improvement

Our initiatives focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we have meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Conclusion

We continue to implement our initiatives to ensure that every student succeeds.
