

# STOP, DROP & GO ZONE SAFETY RULES

Reducing congestion around schools

It's all part of Council's plan

## How does the Stop, Drop and Go Zone operate?

1. Students are to wait in the appropriate area on their school grounds outlined by the school for their parents to arrive at the front of the Stop, Drop and Go Zone.
2. Parents should ensure that they have a name card placed on their sun visor and ensure it is visible for teachers supervising the Stop, Drop and Go Zone.
3. Students should be listening for their name to be called and looking when their parent arrives (if not supervised) at the Stop, Drop and Go Zone.
4. Parents must adhere to the two minute stopping time limits on school days which are usually 8am – 9am and 2.30pm – 3.30pm.

## Using the Stop, Drop and Go Zone on the way to school:

- students are to get ready to exit the vehicle as the car comes close to the zone
- students are to unbuckle their seat belt and collect their bag when the car stops at the head of the queue in the zone
- say goodbye, get out of the car at the kerbside and student should head to their classroom.

## Using the Stop, Drop and Go Zone after school:

- students are to look out for their parent's car and when the car stops at the head of the queue
- students are to have their belongings ready to put into the car
- students are to get in to the car via the safety door near the kerb and put on their seatbelt.

## Helpful tips for drivers in the Stop, Drop and Go Zone

The Stop, Drop and Go Zone is like a quick-moving taxi rank. Only let someone out when you have stopped at the front of the queue. Stay in the car unless you need to help with bags or seatbelts. If your passenger is not ready drive around the block to re-join the queue or find a legal place to park.
